OT Funding Support & Training in 2009

JNCC Overseas Territories and Crown Dependencies Programme

**JOINT
NATURE
CONSERVATION
COMMITTEE**

What is JNCC?

JNCC is the Joint Nature Conservation Committee.

We are the UK Government's statutory adviser on issues for and affecting nature conservation in the UK as a whole and internationally.

We provide scientific and, in some instances, policy advice to Government.

JNCC Overseas Territories Programme

Aim: Provide, to UK Government departments, the governments of the Overseas Territories (OTs) and Crown Dependencies (CD) and others, timely and sound advice to support the achievement of the 2010 biodiversity target, the progressing of Environment Charters, and the implementation of multilateral environment agreements.

Funding Role

JNCC appointed an OT fundraising officer to the OT and CD programme late last year. This is currently a 12 month fixed term appointment. During the 12 months, there are two main deliverables:

- a database containing existing and potential funding sources for OT nature conservation projects; and
- provide training and support to OT personnel, where required, in funding applications/ obtaining funds.

This survey is in response to the second of those deliverables. To help the OT fundraiser identify what, if any, funding support you require it would be helpful if you could complete and return this survey.
