## WELCOME TO THE NEW UK LIFE NATIONAL CONTACT POINT

**JNCC are the new UK LIFE National Contact Point (NCP) from 01 January 2016.**

We will continue to publish a monthly newsletter, called LIFE eNews, which will provide application advice, information on upcoming events, and best practice case studies. We will also release stop press editions for time-sensitive news.

You have signed up to receive LIFE newsletters from the previous NCP, Beta Technology, and we are assuming that you will want to continue to receive news about LIFE. Please unsubscribe if you no longer wish to receive these newsletters.

The new UK LIFE website can be found at:

<http://jncc.defra.gov.uk/UKLIFE>.

The website will evolve over the next few months to include more

UK LIFE Team - Jessica Magnus, Katy Thompson, Jessa Battersby and Amanda Gregory

The UK LIFE NCP will be managed by a team of three people; Katy Thompson, Amanda Gregory and Jessica Magnus. All have good knowledge of LIFE and have expertise on technical aspects of the different strands.

Our contact details are:

Dedicated mailbox:

[UKLIFE@JNCC.gov.uk](mailto:UKLIFE@JNCC.gov.uk)

Our helpline: **01733 562626**  
(please ask for a member of the UK LIFE team)

information and guidance and we will keep you informed of any substantive changes.

We hope you had a lovely Christmas Break,

*The JNCC UK LIFE National Contact Point team.*

[Community for the UK](#)

*JNCC, the Joint Nature Conservation Committee, is the public body that advises the UK and devolved governments on UK-wide and international nature conservation. Our work helps maintain and enrich biological diversity and conserve geological features. It also helps sustain natural systems, which provide the core “services” we all depend on like food, fresh water and clean air. In this way they contribute to economic growth and social well-being and are integral to sustainable development.*
